NOTES :

1. In view of the continuing COVID-19 pandemic, the Ministry of Corporate Affairs ("MCA") has vide its General Circular No. 20/2020 dated 5th May, 2020 read with General Circular No. 14/2020 dated 8th April, 2020 and General Circular No. 17/2020 dated 13th April, 2020 (collectively referred to as "MCA Circulars") permitted the holding of the Annual General Meeting ("AGM") through VC/OAVM, without the physical presence of the Members at a common venue. In compliance with the provisions of the Companies Act, 2013 ("Act"), SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations, 2015") and MCA Circulars, the AGM of the Company will be held through VC/OAVM.
2. Pursuant to the provisions of the Companies Act, 2013, a Member entitled to attend and vote at the Annual General Meeting is entitled to appoint a proxy to attend and vote on his/her behalf and the proxy need not be a Member of the Company. Since this AGM is being held pursuant to the MCA Circulars through VC/OAVM, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for the Annual General Meeting and hence the Proxy Form and Attendance Slip are not annexed to the Notice.
3. The Institutional/Corporate Shareholders (i.e. other than individuals/HUF, NRI, etc) are required to send a scanned copy (PDF/JPEG Format) of its Board Resolution or governing body Resolution/Authorisation etc., authorising its representative to attend the Annual General Meeting through VC/OAVM on its behalf and to vote through remote e-voting. The said Resolution/ Authorization shall be sent to the Company Secretary of the Company.

4. Registration of email ID and Bank Account details:

In case the shareholder's email ID is already registered with the Company/its Registrar & Share Transfer Agent "RTA"/Depositories, log in details for e-voting are being sent on the registered email address.

In case the shareholder has not registered his/her/their email address with the Company/its RTA/Depositories and or not updated the Bank Account mandate for receipt of dividend, the following instructions to be followed:

- (i) Kindly log in to the website of our RTA, Link Intime India Private Ltd., www.linkintime.co.in under Investor Services > Email/Bank detail Registration - fill in the details and upload the required documents and submit.

ECONOMIC SCENARIO & OUTLOOK:

The Revenue of the company has increased by ₹1979.64 Lakhs over the previous year. Gelatine sales have increased by ₹ 406.68 Lakhs (net of duties & taxes) and whereas Ossein sales have increased by ₹ 1436.97 Lakhs over the previous year.

The demand for the products of the company continued to be robust during the year and better realisations for all the products except DCP allowed the company to achieve the highest turnover of the company since its inception. The company has also successfully entered into the sales of Marine Collagen under its brand "Everpure Life" and due to the extensive social media marketing efforts adopted, the company is beginning to see strong sales and good results.

The demand for Ossein remained consistent throughout the year, which has contributed to a significant rise in the sales turnover. The total sales of ossein/limed ossein jumped by about 250% in volume terms and about 260% in value terms over the previous year.

The contribution of Gelatine sales to the turnover was also marginally higher as compared to the previous year which was primarily on account of better realisations of the products sales in both the export as well as domestic markets.

There was a drop in the sales of Gelatine in volume to the tune of about 16% however, in value terms it was higher by about 5%.

During the year there has been a significant increase in the cost of the company's principal raw material crushed bones. The increase during the year was to the tune of 16% over the previous year.

Based on a recent study conducted by a leading market research firm, there has been a reduction in the availability of crushed bones over the past few years and with the production levels of most other Gelatine plants being at their optimum levels, there is a major shortage of raw materials in the country. The company though could import Gelbones from overseas during the year and has further contracted for additional volumes during the year 2020-21.

During the year the costs relating to the treatment of waste water have increased at both ends i.e. at the end of the company's own effluent treatment plant as well as the additional treatment fees imposed by the Common Effluent Treatment Plant (CETP) run by the Vapi Green Enviro Ltd. (VGEL), this cost increase has had a significant impact on the company's profits.

In order to reduce the cost of treatment and to reduce the carbon footprint of the company various alternatives are being looked into such as recycling of a significant part of the companies effluent as well as direct marine discharge of the effluent as per the pollution control board norms into the Arabian Sea. These are long gestation projects and may not show results immediately.

During the year the cost of electricity has also increased on account of higher tariffs. This has resulted in an increase in the power bill by about Rs. 2,21,23,000 over the previous year. With regard to the exchange rate between the USD and the INR there was no significant change during the year except during the last month of the FY. The rates were range bound between 1USD=Rs.69 to Rs.71.

The year ahead looks more challenging given the COVID-19 pandemic although the company is doing its best to address these challenges by keeping an eye on the raw materials as well as the sales of the companies products both in the domestic as well as in the export markets.

Impact of Covid-19 pandemic

The Company has assessed the probable impact of COVID-19 pandemic. It has considered internal and external information available up to the date of approval of these financial results and has performed analysis based on current estimates in assessing the recoverability of its assets including trade receivables, inventories, and other financial and non-financial assets for possible impact on these financial results. The Company has also assessed the impact of this whole situation on its capital and financial resources, profitability, liquidity position, etc. On the basis of its present assessment and current indicators of future economic conditions, the Company expects to recover the carrying amounts of these assets and does not anticipate any material impact on these financial results. However, the assessment of impact of COVID-19 is a continuing process, given the uncertainties associated with its nature and duration. The company will continue to monitor any material changes to future economic condition.

ANNEXURE 'A' TO DIRECTORS' REPORT MANAGEMENT DISCUSSION & ANALYSIS REPORT

1) INDUSTRY STRUCTURE & DEVELOPMENT:

India will continue to remain the world's fastest-growing large economy in 2019 as well as in 2020, much ahead of China, a UN report said Wednesday.

According to the UN's World Economic Situation and Prospects (WESP) 2019, India's GDP growth is expected to accelerate to 7.6 per cent in 2019-20 from an estimated 7.4 per cent in the current fiscal ending March 2019. The growth rate may come down to 7.4% a year later.

The above was a report published by the Economic Times in January 2019. These were the levels which looked extremely positive and as for the consumption coupled with growth in some areas such as Food and Pharmaceuticals did show that these levels would not be difficult to achieve.

The report further said the global economy would continue to grow at a steady pace of around 3 per cent in 2019 and 2020 amid signs that global growth has peaked.

The conditions dramatically changed toward the end of the fiscal period ending March 2020 with the onset of the COVID-19 pandemic.

The Directors regret the loss of life due to COVID-19 pandemic around the country and the world and are deeply grateful and have immense respect for every person who risked their life and safety to fight this pandemic. The Directors appreciate and value the contribution made by every member of IGCL.

2) OPPORTUNITIES AND THREATS:

Opportunities:

The market for Food applications also includes the segment of Nutraceuticals besides the applications in confectionary preparations. The Nutraceuticals segment globally has been growing rapidly with a lot of food supplements being available in the form of Hard and soft capsules. In India too the demand for Nutraceuticals is also accelerating.

As per a report from the National Investment Promotion and Facilitation Agency of India the growth in the Nutraceuticals market is expected to grow from a \$4 billion in 2017 to \$18 billion in 2025. 65% of the Nutraceuticals segment consists of dietary supplements that include macronutrients, herbal and non-herbal extracts which are then encapsulated in hard and soft Gelatine capsules to a large extent. The preferred raw material for this market is Gelatine since it possesses the necessary properties for the encapsulation of these Nutraceutical formulations and supplements. This segment is slated to grow at a pace of 17% per annum, which would then allow the demand for Gelatine to also increase as a result.

Threats:

The Company does not foresee any large-scale contraction in demand which could result in significant down-sizing of its employee base, however, due to the structural changes that have had to be done in the habits of people for social distancing which has prevented the operation of dine in restaurants it has resulted in a sharp reduction in the consumption of meat and thereby in reduced slaughter of animals. This has led to reduced availability of bones for the industry.

Political disruptions and volatile economic conditions such as post-Brexit, US-China trade tensions, India-China border disputes, US Presidential elections etc. may affect adversely the outlook of the company.

3) SEGMENT-WISE AND PRODUCT-WISE PERFORMANCE:

The Food and Pharmaceutical areas are where the company's products are being used to a great extent and which are relatively having an inelastic nature of demand. Even with the onset of the COVID-19 pandemic it allows a steady demand for the company's products. The market size of Gelatine globally is estimated to be at a level of close to 5,00,000 MT per year.

4) OUTLOOK:

The COVID-19 pandemic which set in into China at the end of December 2019 and spread rapidly across the globe has affected India very adversely. The actions which began to be taken by the Indian Government in order to contain the spread of the disease were during the last week of March 2020. Factors such as worker attendance at the plant as well transportation of critical materials for the manufacture of Ossein/Gelatine and DCP were severely affected.

Going forward it remains difficult to predict how the availability of some of the critical raw materials would be and that too at an economical viable level. So there are going to be greater challenges going forward for the entire Gelatine industry.

5) RISKS AND CONCERNS:

The company achieved many milestones through the first 11 months of FY 2020. The company prioritized the health and safety of its employees, kept the plant running under very difficult circumstances and worked positively to help its employees to battle the pandemic. When we will be out of this crisis, the world will be a very different place.

Globally, though raw materials used by the overseas Gelatine manufacturers such as bovine hide and pig skins have been available at reduced costs and comparatively higher volumes which may allow the Gelatine prices to reduce globally which may have a negative impact on the earnings of the company.

6) INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:

The Company has proper and adequate internal control systems to ensure that all assets are safeguarded and protected against loss from unauthorized use or disposition and those transactions are authorized, recorded and reported correctly.

This internal control is supplemented by an extensive programme of internal audit, reviewed by management and documented policies, guidelines and procedures. The internal control is designed to ensure that the financial and other records are reliable for preparing financial statements and other data and for maintaining accountability of assets. The management is committed to a regular review of this aspect.

7) DISCUSSION OF FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE:

Turnover increased by 17.79% to ₹13,190.77 Lakhs during the year ended 31st March 2020 as compared to ₹11,198.76 Lakhs during the previous year.

EBIDTA (Earnings before Interest, Depreciation, Taxes and Extra-Ordinary Item) for the Current year is ₹ 985.51 Lakhs as against ₹ 902.90 Lakhs in the previous year.

The Board of Directors recommended dividend @ 15% as against @ 35% in the previous year

8) MATERIAL DEVELOPMENTS IN HUMAN RESOURCES/ INDUSTRIAL RELATIONS, INCLUDING NUMBER OF PEOPLE EMPLOYED:

The Company recognizes the importance and contribution of its Human Resources towards its growth and development and is committed to the development of its people. The Company has implemented various methods and practices for Human Resources Development.

The Company has 111 Employees on its roll as on 31st March, 2020.

CAUTIONARY STATEMENTS:

Statements in the Management's Discussion and Analysis describing the Company's projections, estimates, expectations or predictions may be "forward looking predictions" within the meaning of applicable securities laws and regulations. Actual results may differ from such estimates, projections, etc., whether expressed or implied. Factors, which would make a significant difference to the Company's operations, include achievement of better quality and good market price in domestic and overseas market, changes in Government regulations and tax laws, economic conditions affecting demand/ supplies and other environmental factors over which the Company does not have any control.

CORPORATE GOVERNANCE REPORT

Pursuant to the provisions of the Companies Act, 2013 and as per the Regulation 34(3) read with Part C of Schedule V of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (LODR) the Company has complied with the requirements of Corporate Governance.

Good Corporate Governance makes excellent business sense. It augments superior Corporate Performance. It is often the distinguishing factor between companies that progress rapidly and companies that stagnate. Good Corporate Governance is a continuous process and is achieved through an optimum mix of regulatory compliance, disclosures and practices, transparent and fair conduct that enhances the trust of various interest groups like shareholders, employees, suppliers, creditors, customers and society at large.

1. COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE:

For IGCL, Corporate Governance is an important corner stone which creates shareholders' value on a sustainable basis. As stated in the past, your company reiterates its commitment to the concept of trusteeship. INDEPENDENT AUDITOR'S REPORT

To the Members of

India Gelatine & Chemicals Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of India Gelatine & Chemicals Limited (the 'Company') which comprise the Balance Sheet as at March 31, 2020, and the statement of Profit and Loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, and its profit, total comprehensive income, the changes in equity and its cash flows for the year then ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Emphasis of Matter

We draw attention to Note No. 49 of the financial statements, which describes that the potential impact of COVID-19 pandemic on the operations and financial statements of the company is dependent on future developments, which are uncertain.

Our opinion is not modified in respect of the above matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there is no key audit matters to communicate in our report.

Information other than Standalone Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the Other Information. The Other Information comprises the information included in the Board's Report including Annexures to Board's Report, but does not include the standalone financial statements and our auditor's reports thereon.

Our opinion on the standalone financial statements does not cover the Other Information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this Other Information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act, for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgement and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively or ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting polices used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2016 (the "Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief are necessary for the purpose of our audit.
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
- (d) In our opinion, the aforesaid Standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act read with Rule 7 of the Companies (Accounts) Rules, 2014.
- (e) On the basis of the written representations received from the directors as on 31st March, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2020 from being appointed as a director in terms of Section 164(2) of the Act.
- (f) With respect to the adequacy of internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B".
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid/provided by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us :
 - i. The Company has disclosed the impact of pending litigations on the financial position of its financial statements (Refer Note No. 35 to the financial statements);
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

Annexure “B” to the Independent Auditors’ report

Report on the Internal Financial Controls under Clause (1) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of India Gelatine & Chemicals Limited (“the Company”) as of March 31, 2020 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting with reference to these Standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these Standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting with reference to these standalone financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s Judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting with reference to these standalone financial statements.

Meaning of Internal Financial Controls over Financial Reporting with reference to these standalone financial statements

A company’s internal financial control over financial reporting with reference to these standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purpose in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting with reference to these standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company. (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company, and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting With Reference to these Standalone Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting with Reference to these Standalone Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting With Reference to these Standalone Financial Statements to future periods are subject to the risk that the internal financial control over financial reporting With Reference to these Standalone Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies of procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial control system over financial reporting with reference to these standalone financial statements and such internal financial controls over financial reporting with Reference to these Standalone Financial Statements was operating effectively as on March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reports issued by the Institute of Chartered Accountants of India.

Note 1 Notes to Financial Statements

[A] Corporate Information:

India Gelatine & Chemicals Limited (the 'Company') is a public Company domiciled in India and incorporated under the provisions of the Companies Act, 1956. Its shares are listed on Bombay Stock Exchange (BSE). The registered office of the company is located at Navrangpura, Ahmedabad.

The company is engaged in the business of manufacturing of Ossein, Di-Calcium Phosphate (DCP) & Gelatine. The Company has wide market in local as well in exports market. The Company sells its products through established network.

The financial statements have been recommended for approval by the audit committee and is approved and adopted by the Board in their meeting held on 03/07/2020.

[B] SIGNIFICANT ACCOUNTING POLICIES:

a) Basis of Preparation:

(i) Compliance with Ind AS

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('Act') read with of the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act.

(ii) Historical cost convention

The financial statements have been prepared on a historical cost basis, except for the following:

- a. certain financial assets and liabilities that are measured at fair value or amortized cost;
- b. defined benefit plans - plan assets are measured at fair value;

(iii) Current and non-current classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle (twelve months) and other criteria set out in the Schedule III to the Act.

(iv) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakh as per the requirement of Schedule III, unless otherwise stated.

b) Key accounting estimates and judgements

The estimates and judgements used in the preparation of the financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Differences between actual results and estimates are recognised in the period in which the results are known / materialised.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

c) Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, as described below, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Company's management determines the policies and procedures for both recurring fair value measurement and for non-recurring measurement.

External valuers are involved for valuation of significant assets. Involvement of external valuers is decided upon annually by the management after discussion with and approval by the Board of directors. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained. The management decides, after discussions with the Company's external valuers, which valuation techniques and inputs to use for each case.

At each reporting date, the management analyses the movements in the values of assets and liabilities which are required to be re-measured or re-assessed as per the Company's accounting policies. For this analysis, the management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

The management, in conjunction with the Company's external valuers, also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable on yearly basis.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy, as explained above.

This note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

- Significant accounting judgements, estimates and assumptions
- Quantitative disclosures of fair value measurement hierarchy
- Financial instruments (including those carried at amortised cost)

d) Property, Plant & Equipment:

Freehold lands are carried at cost. Property, plant and equipment are stated at cost, net of recoverable taxes, less depreciation and impairment losses, if any. Such cost includes purchase price, borrowing cost and other cost directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

All expenditure incurred towards fixed assets including expenditure incurred during construction / new projects are accumulated and shown as capital work in progress and not depreciated until such assets are ready for commercial use.

Depreciation methods, estimated useful lives and residual value

Depreciation is provided on a Straight Line Method over the estimated useful lives of assets.

The Company depreciates its property, plant and equipment over the useful life in the manner prescribed in Schedule II to the Act, and management believe that useful life of assets are same as those prescribed in Schedule II to the Act, except for plant and machinery which based on an independent technical evaluation, life has been estimated as 18 years (on multiple shift basis), which is different from that prescribed in Schedule II to the Act.

Useful life considered for calculation of depreciation for various assets class are as follows-

Factory Building	30 years
Non- Factory Building	60 years
Plant and Machinery	18 years
Furniture and Fixtures	10 years
Office Equipment	5 years
Vehicles	8 years

The residual values are not more than 5% of the original cost of the asset. The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Gains and losses on disposals are determined by comparing proceeds with carrying amount.

These are included in the Statement of Profit and Loss.

e) Intangible Assets

Computer software are stated at cost, less accumulated amortisation and impairments, if any.

Amortisation method and useful life

The Company amortizes computer software using the straight-line method over the period of 3 years for software and 6 years for network related items.

f) Cash and Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, cash at bank, deposits held at call with financial institutions, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

g) Inventories: - FIFO

Items of inventories of Raw Material, Finished goods, Spares and Stores, Packing Material, etc. are valued at lower of cost or net realizable value except waste which is valued at estimated net realizable value. However materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost of inventories comprise of cost of purchase, cost of conversion and other costs including manufacturing overheads incurred in bringing them to their respective present location and condition. Cost is determined on a FIFO basis.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale. Obsolete, slow-moving and defective inventories are identified by management and wherever necessary, provision is created for such inventories.

h) Financial Instruments - initial recognition and subsequent measurement :

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity

i. Financial assets

➤ **Initial recognition and measurement**

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial assets.

➤ **Subsequent measurement**

For purposes of subsequent measurement, the Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through the Statement of Profit and Loss), and
- those measured at amortised cost.

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

➤ **Impairment of financial assets**

The Company measures the expected credit loss associated with its assets based on historical trend, industry practices and the business environment in which the entity operates or any other appropriate basis. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

ii. Financial liabilities

➤ **Initial recognition and measurement**

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings.

➤ **Subsequent measurement of financial liabilities**

The measurement of financial liabilities depends on their classification, as described below:

- Financial liabilities at fair value through profit or loss or
- Financial liabilities at amortised cost

➤ **Offsetting of financial instruments**

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

i) Segment Reporting:

The Company's Chief Operating Decision Maker (CODM) examines the Company's performance from business and geographic perspective. In accordance with Ind AS-108 - Operating Segments, evaluation by the CODM and based on the nature of activities performed by the Company, which primarily relate to manufacturing of Ossein, Di-Calcium Phosphate (DCP) & Gelatine, the Company does not operate in more than one business segment.

j) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

k) Provisions and contingent liabilities

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent Liabilities are disclosed in respect of possible obligations that arise from past events but their existence will be confirmed by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company or where any present obligation cannot be measured in terms of future outflow of resources or where a reliable estimate of the obligation cannot be made. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

l) Revenue recognition

The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the Company and specific criteria have been met for each of the Company's activities as described below

Sale of goods

Revenue from sale of goods is recognised when control of the products being sold is transferred to our customers and there are no longer any unfulfilled obligations. The performance obligations in our contracts are fulfilled at the time of dispatch, delivery or upon formal customer acceptance depending on customer terms.

Sales Return

The Company recognises provision for sales return, on the basis of mutual satisfaction which is measured at the Sales value excluding taxes & duties.

Other operating revenue:

Export Incentives under various schemes are accounted in the year in which right to receive is irrevocably established.

Other revenue :

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable rate of interest.

Interest received on delayed payment is accounted on receipt basis.

Revenue in respect of insurance/other claims etc, is recognized only when it is reasonably certain that the ultimate collection will be made.

Dividends

Dividends are generally recognised in the Statement of Profit and Loss only when the right to receive payment is established.

m) Employee benefits

Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

Other long-term employee benefit obligations

The liabilities for earned leave and sick leave that are not expected to be settled wholly within 12 months are measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method.

Post-employment obligations

The Company operates the following post-employment schemes:

- (a) defined benefit plans such as gratuity; and
- (b) defined contribution plans such as provident fund.

Gratuity obligations

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Statement of Profit and Loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Defined Contribution Plans

Defined Contribution Plans such as Provident Fund, etc., are charged to the Statement of Profit and Loss as incurred.

Termination benefits

Termination benefits are payable when employment is terminated by the Company before the normal retirement date, or when an employee accepts voluntary redundancy in exchange for these benefits. The Company recognises termination benefits at the earlier of the following dates: (a) when the Company can no longer withdraw the offer of those benefits; and (b) when the Company recognises costs for a restructuring that is within the scope of Ind AS 37 and involves the payment of terminations benefits. In the case of an offer made to encourage voluntary redundancy, the termination benefits are measured based on the number of employees expected to accept the offer. Benefits falling due more than 12 months after the end of the reporting period are discounted to present value.

n) Foreign Currency Transactions:

(i) Functional and presentation currency

The financial statements are presented in Indian rupee (INR), which is Company's functional and presentation currency.

(ii) Transactions and balances

Transactions in foreign currencies are recognised at the prevailing exchange rates on the transaction dates. Realised gains and losses on settlement of foreign currency transactions are recognised in the Statement of Profit and Loss.

Monetary foreign currency assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognised in the Statement of Profit and Loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

o) Leases

The Company has adopted Ind AS 116 - Leases with effect from 1st April, 2019.

As a Lessee

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Company recognises a Right-of-Use (ROU) asset and a lease liability at the lease commencement date. The ROU asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payment made at or before the commencement date, plus any initial direct cost incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentive received.

The ROU asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the ROU asset or the end of the lease term. The estimated useful lives of ROU assets are determined on the same basis as those of Property, Plant and Equipment. In addition, the ROU asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. Generally, the Company uses its incremental borrowing rate as the discount rate.

Short-term leases and leases of low-value assets

The Company has elected not to recognise right-to-use assets and lease liabilities for short-term lease that have a lease term of 12 months or less and leases of low-value assets. The Company recognise the lease payments associated with these leases as an expenses on a straight-line basis over the lease term.

p) Income taxes

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Deferred income tax is provided in full, using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amount in the financial statement. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are excepted to apply when the related deferred income tax assets is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses, only if, it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are off set where the Company has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

Minimum Alternate Tax credit is recognised as deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

q) Earnings Per Share

Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company
- weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares.

Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

r) Cash Flow Statement

The Cash Flow statement is prepared by the “Indirect method” set out in Ind AS-7 on “Cash Flow Statement” and presents the cash flows by operating, investing and financing activities of the Company. Cash and cash Equivalent presented in the cash flow statement consist of cash on hand and demand deposits with banks.

The amendment to Ind AS 7 requires the entities to provide disclosures that enable users of Financial Statements to evaluate changes in Liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes, suggesting inclusion of a reconciliation between the opening and closing balances in the Balance Sheet for liabilities arising from financing activities, to meet the disclosure requirement.

s) Critical estimates and judgements :

The preparation of financial statements requires the use of accounting estimates may not match the actual results. Management also needs to exercise judgement in applying the company’s accounting policies.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

t) Impairment of Assets:

The Company assesses at each reporting date whether there is an indication that a non-financial asset may be impaired based on internal/external factors. An asset is treated as impaired when the carrying cost of asset exceeds its recoverable Value. An impairment loss is charged to the statement of Profit and Loss in the year in which an asset is identified as impaired. The impairment loss recognized in earlier accounting period is reversed if there has been a change in the estimate of recoverable amount. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

u) Assets held for Sale:

Non-current assets held for sale are measured at the lower of its carrying value or fair value less costs to sell. Non-current assets held for sale are not depreciated or amortized.

The criteria for held for sale classification is regarded as met only when the sale is highly probable and the asset or disposal group is available for immediate sale in its present condition. Actions required to complete the sale should indicate that it is unlikely that significant changes to the sale will be made or that the decision to sale will be withdrawn. Management must be committed to the plan to sell the asset and the sale expected to be completed within one year from the date of the classification.

Property, plant and equipment are not depreciated once classified as held for sale. Assets and liabilities classified as held for sale are presented separately in the balance sheet.

v) Exceptional items

Exceptional items are disclosed separately in the financial statements where it is necessary to do so to provide further understanding of the financial performance of the company. These are material items of income or expense that have to be shown separately due to their nature or incidence.

41. Financial Instruments - Fair Values & Risk Management

41.1. Accounting Classifications & Fair Value Measurements

The fair values of the financial assets and liabilities are measured at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

All financial instruments are initially recognized and subsequently re-measured at fair value as described below :

1. Fair values of cash and short term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to short-term maturities of these instruments.
2. Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on the evaluation, allowances are taken to account for the expected losses of these receivables.

The company uses the following hierarchy for determining and disclosing the fair values of financial instruments by valuation technique:

Level 1 : Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 : Inputs other than the quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
