13. SEBI, vide its circular dated 16 March 2023 read with circular dated 17 November 2023 mandated that the security holders (holding securities in physical form), whose folio(s) do not have PAN (Aadhar seeded) or choice of nomination or contact details or mobile number or bank account details or specimen signature updated, shall be eligible for payment of dividend in respect of such folios, only through electronic mode with effect from 1 April 2024, upon furnishing all the aforesaid details in entirety. Further, the Company will not dispatch the physical instrument such as banker's cheque/Warrant or demand draft for the payment of dividend to the members holding shares in physical form as on record date.
14. As per the SEBI Listing Regulations and pursuant to SEBI circular dated 20 April 2018, a listed entity shall use any electronic mode of payment approved by the Reserve Bank of India for making payment to the members. Accordingly, dividend, if declared will be paid through electronic mode, where the bank account details of the members are available. Where dividend is paid through electronic mode, intimation regarding such remittance will be sent separately to the members. In case of members holding shares in demat mode and where the dividend could not be processed through electronic mode, payment will be made through physical instrument such as banker's cheque or demand draft incorporating bank account details of such members.
15. Freezing of folio pursuant to SEBI Circular dated 17 November 2023: SEBI vide its circular dated 17 November 2023 has done away with the requirements of freezing of folio and referral of the frozen folio to administering authority under the Benami Transactions (Prohibitions) Act, 1988 and/or Prevention of Money Laundering Act, 2002.
16. As per the provisions of Section 72 of the Act, the facility for submitting nomination is available for Members in respect of the shares held by them. Members who have not yet registered their nomination are requested to register the same by submitting Form SH-13 with their DP in case the shares are held by them in demat mode, and to the RTA, in case the shares are held in physical mode.
17. The Members may further note that Pursuant to SEBI (amendment) Regulations, 2022 via Notification dated January 24, 2022, read with SEBI Circular No. SEBI/HO/MIRSD/MIRSD_RTABM/P/CIR/2022/8 dated 25 January 2022, the listed companies are required to issue the securities in dematerialised form only while processing the requests for Issue of duplicate securities certificate, Claim from Unclaimed Suspense Account, Renewal / Exchange of securities certificate, Endorsement, Sub-division / Splitting of securities certificate, Consolidation of securities certificates/ folios, Transmission, Transposition. Also, in view of the Regulation 40 of the SEBI Listing Regulations, as amended with effect from January 24, 2022, securities of listed companies can now be transferred only in the demat mode. Members holding shares in physical form are therefore requested to convert their holdings into the demat mode to avoid loss of shares or fraudulent transactions and avail better investor servicing.
18. Pursuant to the provisions of Section 124 of the Companies Act, 2013 and the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 ('IEPF Rules, 2016'), the amount of dividend remaining unclaimed/ unpaid for a period of seven years from the date of transfer to the "Unpaid Dividend Account" is required to be transferred to the Investors Education and Protection Fund constituted by the Central Government. The Company had, accordingly, transferred ₹ 1.898 Lakhs being the unpaid and unclaimed dividend amount pertaining to dividend declared on 16th September, 2017 to the IEPF.

In terms of the above provisions, the Company would be obliged to transfer any money lying in the Unpaid Dividend Account which remain unpaid or unclaimed for a period of 7 years from the date of such transfers, to the

Investor Education and Protection Fund. The details of remaining unpaid or unclaimed dividend for the subsequent years are as under:

1. The details of the process and manner for e-Voting and joining virtual meeting for Individual shareholders & Members holding shares in dematerialized form.

- Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 and the provisions contained in Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.
- Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.
- In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts / websites of Depositories / Depository Participants. Demat account holders would be able to cast their vote without having to register again with the E-voting Service Providers (ESPs), thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.
- In terms of SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020, on e-Voting facility being provided by Listed entities, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and Email Id in their Demat accounts in order to access e-Voting facility.

Pursuant to above said SEBI Circular, login method for e-voting and joining virtual meetings for individual Shareholders holding securities in Demat mode, CDSL/NSDL is given below:

Global and Domestic Economic Overview

The Company extends its gratitude to all shareholders on the completion of yet another successful year of operations. Due to a marginal decline in gelatine and ossein exports, the Company achieved revenue of ₹ 20,620/- lakhs, in its 53rd year of operations. The Board remains confident that with continued innovation, prudent management, and the support of our valued employees, vendors, and customers, the growth trajectory will be further strengthened in the coming years.

During the FY 2024–25, gelatine sales declined by 6% and ossein sales by 4% due to reduction in selling price. While these fluctuations reflect global market dynamics, the underlying demand for our core products remains robust, and the Company is actively pursuing opportunities to expand both of its product portfolio and market presence.

On the macro economic front, India has once again reaffirmed its position as one of the fastest-growing major economies, registering a 7.4% YOY GDP growth in FY 2025, with Q4 growth at 6.5% (March 2025), strong consumption, government-led reforms, and robust industrial activity continue to drive this growth momentum.

Globally, while demand for the various type of gelatine continues to grow, due to surplus production in South America and Turkey price have come under pressure with its energetic domestic demand and competitive manufacturing capabilities, India has emerged as a strategic participant in this growth story, positioning itself as a major force in the Asia-Pacific market.

Importantly, the Company has taken decisive steps in sustainability and energy efficiency, aligning its operations with national and global priorities. During the year, the Company reduced its reliance on natural gas and optimized power consumption through its solar energy plant and introduced energy-efficient blowers and fine-bubble aeration technology. These initiatives not only reduced the Company's carbon footprint but also strengthened its competitiveness by lowering

costs and ensuring resource efficiency.

Looking ahead, India in 2026 is envisioned as a rapidly developing economy, committed to sustainable and inclusive growth. The nation is addressing key challenges in manufacturing, energy transition and employment generation, while strategically positioning itself in the global economic and geopolitical landscape.

Particularly promising is India's pharmaceutical industry, which is set for significant transformation by 2026. With strong government initiatives, technological adoption, and an emphasis on innovation, India is reinforcing its position as a global pharmaceutical powerhouse, opening new avenues of opportunity for allied industries, including gelatine and collagen.

Raw Materials

For gelatine manufacturers, the quality and availability of raw materials are critical to maintaining stable operations, consistent product quality and financial performance. During the year, the domestic raw material supply chain in India continued to present challenges, with inconsistency in quality and pricing pressures impacting the industry. Recognizing these challenges, the Company has taken proactive steps by importing higher-quality raw materials and actively collaborating with peers and government bodies to enhance domestic standards. These initiatives not only safeguard product integrity but also support long-term sustainability of operations.

In the global market, Porcine hides and bones remain a dominant raw material source in Europe due to their abundance and cost-effectiveness, producing Type A gelatine through acid treatment. Meanwhile, bovine hides are increasingly being used worldwide for Type B gelatine (alkaline treatment), benefiting from their complex collagen structure. Despite this increase in global availability of gelatine, demand for bovine bone gelatine—India's unique specialty—is expected to remain steady, with India continuing to serve as a reliable supplier in international markets. Prices, however, are anticipated to remain subdued due to overall abundance in supply.

Other critical raw materials remained stable during the year:

- Hydrochloric Acid (HCL): Supply and prices were consistent. The Central Pollution Control Board (CPCB) has advised that industrial materials used in consumables must be approved by FDA and FSSAI. The Company is engaged in constructive discussions with authorities and expects a favorable resolution soon.
- Lime: Availability was stable, though prices fluctuated—declining until Q3 before rising in Q4 - primarily due to changes in energy costs for hydrated lime production.

With these strategic sourcing initiatives and premium product positioning, the Company is well-placed to ensure cost stability, maintain high-quality standards and capture growth opportunities in FY 2025–26 and beyond.

Financial Summary

For the fiscal year 2024–25, the Company recorded :

- Gelatine Sales: ₹12,322 lakhs (net of duties & taxes), reflecting a 6% decline compared to the previous year.
- Ossein Sales: ₹2,022 lakhs, a 4% decrease from the previous year.

While these results mirror industry-wide challenges, they also highlight the Company's strategic emphasis on strengthening its gelatine business.

In contrast, DCP sales remained steady at ₹4,297 lakhs in FY 2024–25, compared with ₹4,266 lakhs in FY 2023–24, demonstrating stability in this segment.

Export sales for the year stood at ₹12,006 lakhs, compared with ₹14,285 lakhs in FY 2023–24, reflecting a decline of 16%. The reduction was largely driven by global price trends and currency fluctuations. However, the Company continues to maintain a loyal international customer base, and overseas markets remain a key growth driver due to higher realizations and strong demand for quality Indian gelatine.

Despite near-term fluctuations, the Company's diversified portfolio, steady DCP performance and strong export linkages position it well to capture future growth opportunities, while strategic cost efficiencies and premium product positioning are expected to further strengthen margins in FY 2025–26.

Operations

During the year, operational performance reflected both challenges and improvements. Imported gel bones delivered marginally better yields, while crushed bone yields were similar to the previous year but at a higher cost, resulting in

elevated production expenses that affected gelatine margins. Exchange rate fluctuations between the US dollar and Indian rupee also influenced revenue outcomes.

Production of gelatine increased year-on-year, while ossein and DCP production registered modest growth.

On the efficiency front, power costs were reduced by 5%, primarily due to the stable and effective operation of the Company's solar plant. Further gains were realized through enhanced efficiency of the hot air generator, supporting lower energy consumption.

Environmental Initiatives & Sustainability

The year under review has been a landmark in the Company's sustainability journey. With the commissioning of captive solar power plant.

Additional initiatives included:

- Energy-efficient blowers installed across operations
- Adoption of fine bubble aeration technology in effluent treatment

Together, these measures have led to a substantial reduction in the Company's carbon footprint, strengthening its commitment to environmentally responsible operations while ensuring long-term cost competitiveness.

ANNEXURE 'A' TO DIRECTORS' REPORT
MANAGEMENT DISCUSSION & ANALYSIS REPORT

1. Global Scenario:

The global gelatine demand in FY 2024–25 continued on a steady upward trajectory, supported by strong demand from the pharmaceutical, nutraceutical, food & beverage, and cosmetics industries. Rising health awareness and the shift toward functional and protein-enriched foods are expanding the global gelatine footprint, with consumption estimated to have grown at a CAGR of 6–7% during the period.

Europe maintained its dominance as a leading producer, benefitting from abundant porcine and bovine hides, while North America saw demand rise in nutraceutical and gummy supplement categories. Asia-Pacific, led by China and India, emerged as a high-growth market, backed by expanding consumer health awareness and strong domestic manufacturing bases.

2. Domestic (India) Scenario:

India's gelatine sector continues to be strategically important, supported by its robust pharmaceutical industry and rising demand in confectionery, dairy, and nutraceuticals. The domestic industry, however, faces challenges related to raw material consistency and pricing volatility, which have affected production economics across manufacturers. Despite these headwinds, Indian gelatine has retained a strong reputation globally for its quality and competitive pricing, ensuring continued relevance in international markets.

3. Company Context:

While the global and domestic gelatine markets reflected growth during FY 2024–25, the Company experienced a decline in revenues due to reduced export orders and pricing pressures in both gelatine and ossein segments. This variance underscores the broader industry challenge due to surplus production of Gelatine in South America and Turkey.

4. Outlook:

Despite the revenue contraction in FY 2024–25, the Company remains confident of aligning its growth with the broader industry trend. With a focus on premium product positioning, cost optimization, sustainable operations, the Company is well-placed to capture the benefits of expected market expansion in FY 2025–26.

5. Gelatine Market Size and Growth:

The global gelatine market was valued at around USD 4.8 billion in 2024 and is projected to grow at a CAGR of 6–7% over the next five years, driven by robust demand from the food & beverage, pharmaceutical, nutraceutical, and cosmetics sectors. Increasing health awareness, rising protein consumption, and innovations in biomedical applications are further fueling this upward trend.

In India, the gelatine market is steadily expanding, supported by strong domestic consumption in food and pharma, and the country's role as a strategic supplier to global markets. Despite temporary headwinds in FY 2024–25, long-term growth prospects remain positive with opportunities in value-added products such as collagen peptides and marine-based gelatine.

Applications of Gelatine

Gelatine continues to play a vital role across industries. In food & beverages, it is widely used for gelling, stabilizing, and thickening in confectionery, dairy, and meat products. In pharmaceuticals, its biocompatibility supports use in capsules, binders and wound care. The cosmetics sector values its moisture-retention and film-forming properties, while emerging technologies such as 3D printing and tissue engineering are opening new avenues for growth.

Regional Dynamics

Europe remains the largest gelatine market, supported by strong pharma and nutraceutical demand. North America is growing with health and wellness trends, while Asia-Pacific—led by India and China—is the fastest-growing region driven by food, pharma, and rising exports. Latin America shows steady growth, and the Middle East & Africa are emerging markets with rising demand for halal-certified products.

6. Sustainability and Alternative Sources of Gelatine:

- **Energy & Emissions:** Companies are increasingly adopting renewable energy, efficient boilers, and waste-heat recovery to lower carbon footprints in gelatine production.
- **Raw Material Optimization:** Greater focus on responsible sourcing of raw materials, with improved traceability and waste utilization.
- **Alternative Sources:** Marine-derived gelatine (from fish skin and scales) is gaining traction, especially for halal/kosher markets and premium nutraceuticals.
- **Plant-Based Substitutes:** Though not identical to gelatine, alternatives such as agar, pectin, and carrageenan are being explored to meet vegan/vegetarian demand.

Looking forward, sustainability initiatives and diversification into marine and alternative sources are expected to strengthen long-term resilience of the gelatine industry.

7. Regulatory Environment and Technological Advancements:

- **Regulatory Landscape:** The gelatine industry is guided by stringent global standards (FDA, FSSAI, EU regulations) ensuring food safety, traceability, and quality compliance. Growing demand for halal and kosher certification is also shaping sourcing and production practices.
- **Technological Progress:** Advances in extraction methods, enzyme technology, and membrane filtration are improving yield, purity and efficiency. Automation, digitization, quality monitoring are further enhancing operational reliability.
- **Future Outlook:** With tightening global regulations and rapid adoption of modern technologies, the industry is poised to deliver safer, more sustainable, and higher-quality products.

8. Opportunities and Threats: Gelatine Industry:

Opportunities

- Rising demand from pharmaceutical, nutraceutical, and functional food sectors.
- Asia-Pacific growth (India, China) offering strong export potential.
- Expanding markets for marine gelatine and halal/kosher-certified products.
- Technological innovations improving efficiency and quality.
- Growing health & wellness trends driving collagen-based products.

Threats:

- Raw material supply volatility (availability, quality, and pricing).
- Stringent regulatory compliance and certification requirements.
- Competition from plant-based substitutes (agar, pectin, carrageenan).
- Currency fluctuations impacting export realizations.
- Environmental concerns and sustainability pressures on operations.

Looking ahead, the gelatine industry holds strong growth prospects, but companies must strategically navigate supply challenges and regulatory demands to maintain competitiveness and profitability.

9. Segment-wise and Product-wise Performance:

Capsule Manufacturing and Regulated Market Penetration:

Indian capsule manufacturers have successfully leveraged rigorous compliance standards, strategic partnerships, and a focus on specialized products to establish a solid presence in regulated pharmaceutical and nutraceutical markets. These strategies, combined with competitive pricing and agility in responding to market dynamics, have

enabled Indian manufacturers to strengthen their foothold and create a foundation for sustained growth in global markets.

Poultry Sector & DCP Performance:

The fluctuation in poultry prices during April–August, largely due to festivals, had a direct impact on demand for Di-Calcium Phosphate (DCP):

- Sluggish demand: DCP demand was subdued, compared to last year.
- Increased competition: Imports and substitutes such as Monocalcium Phosphate (MCP), rock phosphate, and fishmeal further pressured DCP sales.

Gelatine Segment:

Despite challenges in domestic markets, gelatine exports remained robust, driven by a strong and loyal international customer base. Overseas markets continue to deliver higher realizations, reinforcing the Company's strategic emphasis on exports. The Company remains committed to expanding its global footprint, capturing emerging opportunities, and enhancing product positioning in premium markets.

Forward-looking Outlook:

- **Poultry & DCP:** With poultry prices rebounding and bird population expected to stabilize, demand for DCP is likely to recover gradually. Continued monitoring of weather patterns, feed costs, and consumer affordability will remain critical to growth.
- **Gelatine Exports:** The Company is well-positioned to capitalize on sustained international demand, premium realizations, and long-term partnerships in global markets. Strategic focus on quality and compliance ensures that exports will continue to be a key driver of growth in FY 2025–26.
- In response to the suboptimal quality of locally available raw materials, the Company has strategically diversified its sourcing. During the year, trials with imported gel bones from new regions readily available from international suppliers—were successfully conducted. These initiatives are designed to reduce dependence on domestic raw materials, improve consistency, and enhance both yield and product quality.
- While the yield improvement during the year under review was marginal, these sourcing strategies lay a strong foundation for sustained operational efficiency and superior product quality in FY 2025–26 and beyond.

10. Risks and Concerns:

- The Company's strong reliance on exports continues to expose it to geopolitical uncertainties, which may disrupt operations, impact global trade flows, and create volatility in international markets. Additionally, health-related concerns, may influence consumer sentiment and reduce confidence in animal-derived products such as gelatine. These factors remain important considerations for sustaining demand and ensuring long-term market stability.
- **Mitigation Measures:**

To address these risks, the Company is actively pursuing diversified sourcing strategies, strengthening its presence in both domestic and export markets, and maintaining the highest standards of regulatory compliance and traceability. Furthermore, continued investments in sustainable and high-quality raw materials ensure resilience against supply chain disruptions while reinforcing customer trust in our products.

11. Internal Control Systems and Their Adequacy:

The Company has established robust and adequate internal control systems designed to safeguard assets, prevent unauthorized use or disposition and ensure that all transactions are duly authorized, recorded, and reported with accuracy.

These systems are reinforced through a comprehensive internal audit programme, periodic management reviews, and well-documented policies, guidelines, and procedures. Such measures provide strong assurance that financial

and operational records are reliable for the preparation of financial statements and for maintaining accountability of assets.

The management remains committed to continuous improvement of these controls, ensuring alignment with evolving regulatory requirements and industry best practices. Regular reviews and timely corrective actions help maintain a high standard of governance and risk management.

CAUTIONARY STATEMENTS:

Statements in the Management's Discussion and Analysis describing the Company's projections, estimates, expectations or predictions may be "forward looking predictions" within the meaning of applicable securities laws and regulations. Actual results may differ from such estimates, projections, etc., whether expressed or implied. Factors, which would make a significant difference to the Company's operations, include achievement of better quality and good market price in domestic and overseas market, changes in Government regulations and tax laws, economic conditions affecting demand/ supplies and other environmental factors over which the Company does not have any control.

(A) CONSERVATION OF ENERGY

a) Measures taken for Conservation of Energy:

- i) Installed new electrical panels to improve uptime.
- ii) Installation of steam saving equipment resulting in lower steam consumption per unit of production
- iii) Replacement of hallogen lamps with LED lights

b) Additional investments and proposals:

- i) Study use of sustainable alternate fuel for boiler in order to reduce energy cost.
- ii) Studying use of other renewable energy sources for reduction in power cost.
- iii) Installation of alternative equipment for hot water generation in lieu of staem.
- iv) Installation of energy monitoring devices in order to identify and conserve energy losses.
- vi) Studying the feasibility of installing equipment that will help in generation of revenue from waste.

c) Impact of measures in the above:

On implementation of the above, the Company expects to substantially benefit in saving power, reducing waste and moving toward renewable and sustainable energy sources.

CORPORATE GOVERNANCE REPORT

This Corporate Governance Report of India Gelatine & Chemicals Limited ('the Company') for Financial Year ended on March 31, 2025, is being prepared pursuant to the Securities Exchange Board of India ('SEBI') (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('SEBI Listing Regulations'), as amended and circulars issued thereunder and forms part of the Annual Report and states compliance as per requirements of the Companies Act, 2013 ('the Act') and Rules made thereunder as amended and SEBI Listing Regulations.

Good Corporate Governance makes excellent business sense. It augments superior Corporate Performance. It is often the distinguishing factor between companies that progress rapidly and companies that stagnate. Good Corporate Governance is a continuous process and is achieved through an optimum mix of regulatory compliance, disclosures and practices, transparent and fair conduct that enhances the trust of various interest groups like shareholders, employees, suppliers, creditors, customers and society at large. Your Company has always been committed to the principles of good corporate governance.

1. COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE:

For IGCL, Corporate Governance is an important corner stone which creates shareholders' value on a sustainable basis. As stated in the past, your company reiterates its commitment to the concept of trusteeship. The creed of trusteeship, the backbone of good Corporate Governance is pursued by your company with consistent and effective adherence to the philosophy of transparency, adequate disclosure, fairness to all and independent monitoring and supervision in the conduct of its business operation.

2. BOARD OF DIRECTORS:

A. Composition & category of the Board:

The Company believes that a diverse and vigilant Board is essential to ensure highest standards of Corporate Governance. The Board of the Company, being at the core of its Corporate Governance practice, plays a pivotal role in overseeing the management in serving and protecting the long-term interests of all its stakeholders. The Board guides the Management to run business sustainably as a socially responsible and ethically compliant corporate citizen. The Company has an optimum combination of Executive and Non-Executive Directors along with Woman Director on the Board pursuant to the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. "As on 31st March, 2025, the Board of the Company comprises of Six (6) Directors, with Three Non-Executive Non-Independent Directors, three (3) Non-Executive Independent Directors (Including One (1) Woman Independent Director). One Executive Director was appointed on 31st March, 2025 commencing from 21st April, 2025. One Non-Executive Independent Director was appointed on 18th April, 2025." INDEPENDENT AUDITOR'S REPORT

To the Members of

India Gelatine & Chemicals Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **India Gelatine & Chemicals Limited** (the 'Company') which comprise the Balance Sheet as at March 31, 2025, The Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Sec. 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, and its profit, total comprehensive income, its cash flows and the changes in equity for the year then ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements for the financial year ended March 31, 2025. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there is no key audit matter to communicate in our report.

Information other than Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the Other Information. The Other Information comprises the information included in the Board's Report including Annexures to Board's Report, but does not include the financial statements and our auditor's reports thereon.

Our opinion on the financial statements does not cover the Other Information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this Other Information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act,

for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgement and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively or ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting polices used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 (the "Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief are necessary for the purpose of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Cash Flows and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act.
 - (e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164(2) of the Act.
 - (f) With respect to the adequacy of internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B".
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid/provided by the Company to its directors during the year is in accordance with the provisions of section 197 read with Schedule V to the Companies Act, 2013.

- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on the financial position of its financial statements (Refer Note No. 36 to the statements).
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring the amounts required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. (a) The management has represented that, to the best of its knowledge and belief, as disclosed in note no. 59 to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the ultimate beneficiaries.
 - (b) The management has represented that, to the best of its knowledge and belief, as disclosed in note

- no. 60 to the financial statements, no funds have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the ultimate beneficiaries.
- (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations as provided under (a) and (b) above, contain any material misstatement.
- v. (a) The final dividend paid by the Company during the year in respect of the same declared for the previous year is in accordance with section 123 of the Companies Act, 2013 to the extent it applies to payment of dividend.
- (b) The company has not declared or paid any interim dividend during the year.
- (c) The Board of Directors of the Company have proposed final dividend for the year which is subject to approval of the members in the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with Section 123 of the Act, as applicable.
- vi. Based on our examination which included test checks, the Company has used accounting software for maintaining its books of account for the financial year ended March 31, 2025 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software (refer note no. 52 to the financial statements). Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with. Additionally, the audit trail has been preserved by the Company as per statutory requirements for record retention.

Annexure “A” to the Independent Auditors’ Report

(Referred to in paragraph 1 under “Report on Other Legal and Regulatory Requirements section of our report to the members of India Gelatine & Chemicals Limited of even date)

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that:

- i. In respect of Company’s Property, Plant and Equipment and Intangible Assets :
 - (a) (A) The Company is maintaining proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment and relevant details of Right of Use Assets.
(B) The Company is maintaining proper records showing full particulars of intangible assets.
 - (b) The Property, Plant & Equipment and Right of Use Assets have been physically verified by the management in a phased manner, designed to cover all the items over a period of three years, which in our opinion, is reasonable having regard to the size of the Company and nature of its business. According to information and explanation given to us, no material discrepancies were noticed on such verification.
 - (c) The title deeds of all the immovable properties (other than immovable properties where the Company is the lessee and the lease agreements are duly executed in favour of the Company) as disclosed in the financial statements are held in the name of the company.
 - (d) The Company has not revalued its property, plant and Equipment and its intangible assets during the year.
 - (e) No proceedings have been initiated during the year or are pending against the Company as at 31 March, 2025 for holding any Benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- ii.
 - (a) The inventories were physically verified during the year by the Management at reasonable intervals. In our opinion and according to the information and explanations given to us, the coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and the nature of its operations. No material discrepancies were noticed on such verification.
 - (b) According to the information and explanations given to us, the Company has been sanctioned working capital limits in excess of ₹ 5 crores, in aggregate, at points of time during the year, from banks on the basis of security of current assets. In our opinion and according to information and explanations given to us, and as disclosed in note 49 of the Financial Statements, the quarterly returns or statements filed by the Company with such banks are in agreement with the books of account of the Company of the respective quarters.
- iii. The Company has not provided any guarantee or security to companies, firms, Limited Liability Partnerships or any other parties during the year. The Company has made investments, granted loans or advances in the nature of loans to other parties, in respect of which:
 - (a) The Company has provided unsecured loans or advances in the nature of loans during the year and details of which are given below:

Particulars	Aggregate Amount during the year (₹ In Lakhs)	Balance outstanding at the balance sheet date (₹ In Lakhs)
- Subsidiaries	-	-
- Joint Ventures	-	-
- Associates	-	-
- Others (employees including KMP)	8.95	3.84

- (b) In relation to investments made, loans and advances granted, we are of the opinion that the terms and conditions of the loans and advances provided are not prejudicial to the interest of the Company.

- (c) In respect of interest-free loans or advances in the nature of loans provided by the Company to its employees, the schedule of repayment of principal has been stipulated and the repayments of principal amounts are regular as per stipulation in such cases.
 - (d) There are no amounts overdue for more than ninety days in respect of the loan granted by the company.
 - (e) No loan or advance in the nature of loan granted by the Company which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the overdue of existing loans given to the same parties.
 - (f) The Company has not granted Loans or advances in the nature of loans which are repayable on demand or without specifying any terms or period of repayment.
- iv. In our opinion and according to the information and explanations given to us, the Company has complied with provisions of Section 186 of the Companies Act, 2013 in respect of loans and investments to the extent applicable. The Company has not granted loan or given guarantee or provided security as provided in the Section 185 of the Companies Act, 2013.
- v. According to information and explanation given to us, the Company has not accepted any deposits from the public and is not holding any amounts which are deemed to be deposits during the year. Hence the directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the Companies (Acceptance of Deposit) Rules, 2015 with regard to the deposits accepted from the public are not applicable.
- vi. The provisions of sub-section (1) of section 148 of the Act are not applicable to the Company as the Central Government of India has not specified the maintenance of cost records for the products of the Company. Accordingly, the provisions stated in paragraph 3(vi) of the Order are not applicable to the Company.
- vii. In respect of statutory dues:
- (a) The company has been generally regular in depositing undisputed statutory dues including Goods and Service tax, Provident Fund, Employees' State Insurance, Income-tax, duty of Custom, cess and other material statutory dues applicable to it with the appropriate authorities. There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Employees' State Insurance, Income-tax, duty of Custom, cess and other material statutory dues in arrears as at March 31, 2025 for a period of more than six months from the date they became payable.
 - (b) According to the information and explanations given to us, there are no statutory dues referred to in sub-clause (a) above which have not been deposited with the appropriate authorities on account of dispute as on March 31, 2025.
- viii. According to the information and explanations given to us, there are no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 during the year.
- ix. (a) The Company has not defaulted in respect of loans and other borrowings or in the payment of interest thereon to any lender during the year.
- (b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
 - (c) The Company has not taken any new term loan during the year and hence, reporting under Clause 3(ix)(c) of the Order is not applicable.
 - (d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.
 - (e) The Company does not have subsidiaries or associates or joint ventures. Accordingly, clause 3(ix)(e) of the Order is not applicable to the Company.

- (f) The Company does not have subsidiaries or associates or joint ventures. Accordingly, clause 3(ix)(f) of the Order is not applicable to the Company.
- x. (a) The company has not raised money by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.
- (b) The Company has not made any preferential allotment or private placement of shares or fully or convertible debentures (fully, partly or optionally convertible) during the year under review and hence reporting under clause 3(x)(b) of the Order is not applicable.
- xi. (a) To the best of our knowledge, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
- (c) As represented to us by the Management, there were no whistle blower complaints received by the Company during the year. Accordingly, the provisions stated in paragraph 3(xi)(c) of the Order is not applicable to company.
- xii. The Company is not a Nidhi Company and hence reporting under clause 3(xii) of the Order is not applicable.
- xiii. In our opinion, the Company is in compliance with Section 177 and 188 of Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the financial statements as required by the applicable Indian Accounting Standards.
- xiv. (a) In our opinion, the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- (b) We have considered the internal audit reports of the Company issued during the year and till the date of the audit report covering the period up to March 31, 2025.
- xv. In our opinion, the Company has not entered into any non-cash transactions with directors or persons connected with its directors during the year. Hence provisions of Section 192 of the Companies Act, 2013 are not applicable to the Company. Accordingly, the provisions stated in paragraph 3(xv) of the Order are not applicable to the Company.
- xvi. (a) the company is not required to be registered under section 45-IA of the Reserve Bank of India Act 1934. Accordingly, the reporting under clause 3(xvi)(a) of the Order is not applicable to the Company.
- (b) in our opinion, the Company has not conducted any Non-Banking Financial or Housing Finance activities without any valid Certificate of Registration from Reserve Bank of India. Hence, the reporting under paragraph clause 3(xvi)(b) of the Order are not applicable to the Company.
- (c) The Company is not a Core investment Company (CIC) as defined in the regulations made by Reserve Bank of India. Hence, the reporting under paragraph clause 3(xvi)(c) of the Order are not applicable to the Company.
- (d) The Company does not have any CIC as a part of its group. Hence, the provisions stated in paragraph clause 3(xvi)(d) of the Order are not applicable to the Company.
- xvii. The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year. Hence, the provisions stated in paragraph clause 3 (xvii) of the Order are not applicable to the Company.
- xviii. There has been no resignation of the statutory auditors of the Company during the year. Accordingly, clause 3(xviii) of the Order is not applicable.
- xix. On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of

Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they

- xx. The Company has fully spent the required amount towards Corporate Social Responsibility (CSR) and there is no unspent CSR amount for the year requiring a transfer to a Fund specified in Schedule VII to the Companies Act, 2013 or special account in compliance with the provision of sub-section (6) of section 135 of the said Act. Accordingly, reporting under Clause (xx) of the Order is not applicable for the year.

Annexure “B” to the Independent Auditors’ report

(Referred to in paragraph 2(f) under “Report on Other Legal and Regulatory Requirements section of our report to the members of India Gelatine & Chemicals Limited of even date)

Report on the Internal Financial Controls With reference to financial statement under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls with reference to financial statements of India Gelatine and Chemicals Limited (“the Company”) as of March 31, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s Judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company’s internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purpose in accordance with generally accepted accounting principles. A company’s internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company. (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company, and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statement, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies of procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as on March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note issued by the Institute of Chartered Accountants of India.

Note to Financial Statement for the year ended 31st March 2025

Note 1 to Financial Statements

[A] Corporate Information:

India Gelatine & Chemicals Limited (the 'Company') is a public Company domiciled in India and incorporated under the provisions of the Companies Act, 1956. Its shares are listed on Bombay Stock Exchange (BSE). The registered office of the company is located at 703/704, Shilp, Nr. Municipal Market, C.G. Road, Navrangpura, Ahmedabad-380009.

The company is engaged in the business of manufacturing of Ossein, Di-Calcium Phosphate (DCP) & Gelatine. Manufacturing facility for its products is set up at Vapi, Gujarat. The Company has wide market in local as well in exports market. The Company sells its products through established network.

The financial statements have been recommended for approval by the audit committee and is approved and adopted by the Board in their meeting held on May 22, 2025.

[B] MATERIAL ACCOUNTING POLICIES:

a) Basis of Preparation:

(i) Compliance with Ind AS

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('Act') read with of the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act.

(ii) Historical cost convention

The financial statements have been prepared on a historical cost basis, except for the following:

- a. certain financial assets and liabilities that are measured at fair value or amortised cost;
- b. defined benefit plans - plan assets are measured at fair value.

(iii) Current and non-current classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle (twelve months) and other criteria set out in the Schedule III to the Act.

(iv) Functional currency

The financial statements are presented in Indian rupee (INR), which is Company's functional and presentation currency.

(v) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakh as per the requirement of Schedule III, unless otherwise stated.

b) Key accounting estimates and judgements

The estimates and judgements used in the preparation of the financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances.

Differences between actual results and estimates are recognised in the period in which the results are known/ materialised.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

c) Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability or

Note to Financial Statement for the year ended 31st March 2025

- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, as described below, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than the quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Input that is significant to the value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Company's management determines the policies and procedures for both recurring fair value measurement and for non-recurring measurement.

External valuers are involved for valuation of significant assets. Involvement of external valuers is decided upon annually by the management after discussion with and approval by the Board of directors. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained. The management decides, after discussions with the Company's external valuers, which valuation techniques and inputs to use for each case.

At each reporting date, the management analyses the movements in the values of assets and liabilities which are required to be re-measured or re-assessed as per the Company's accounting policies. For this analysis, the management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

The management, in conjunction with the Company's external valuers, also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable on yearly basis.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy, as explained above.

d) Property, Plant & Equipment:

Freehold lands are carried at cost. Property, plant and equipment are stated at cost, net of recoverable taxes, less depreciation and impairment losses, if any. Such cost includes purchase price, borrowing cost, freight, import duties, non-refundable purchase taxes and other cost directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

All expenditure incurred towards fixed assets including expenditure incurred during construction / new

Note to Financial Statement for the year ended 31st March 2025

projects are accumulated and shown as capital work in progress and not depreciated until such assets are ready for commercial use.

Capital work in progress is stated at cost incurred during the construction/installation period relating to items or projects in progress.

Depreciation methods, estimated useful lives and residual value

Depreciation is provided on a Straight Line Method over the estimated useful lives of assets.

The Company depreciates its property, plant and equipment over the useful life in the manner prescribed in Schedule II to the Act, and management believe that useful life of assets are same as those prescribed in Schedule II to the Act, except for plant and machinery for which based on an independent technical evaluation, life has been estimated as 18 years (on multiple shift basis). Life for plant and machinery for solar project has been estimated as 25 years based on technical evaluation done by the management's expert in order to reflect the actual usage of the asset.

Useful life considered for calculation of depreciation for various assets class are as follows-

Factory Building	3/5/30 years
Non- Factory Building	60 years
Plant and Machinery	18/25 years
Furniture and Fixtures	10 years
Office Equipment	3/5 years
Vehicles	8 years
Lab Equipment	10 years

The residual values are not more than 5% of the original cost of the asset. The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the Statement of Profit and Loss.

e) Intangible Assets

Intangible assets acquired separately are stated at cost less accumulated amortization / accumulated impairment loss, if any. Computer Software for internal use, which is primarily acquired from third-party vendors is capitalized. Subsequent costs associated with maintaining such software are recognized as expense as and when incurred.

Amortization method and useful life

The Company amortizes computer software and other intangible assets using the straight-line method over the period of 3 years for software and 6 years for network related items.

f) Cash and Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, cash at bank, deposits held at call with financial institutions, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

g) Inventories:

Items of inventories of Raw Material, Finished goods, Spares and Stores, Packing Material, etc. are valued at lower of cost or net realizable value except waste which is valued at estimated net realizable value. However materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost of inventories comprise of cost of purchase, cost of conversion and other costs including manufacturing overheads incurred in bringing them to their respective present location and condition. Cost is determined on a FIFO basis.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs

Note to Financial Statement for the year ended 31st March 2025

of completion and the estimated costs necessary to make the sale. Obsolete, slow-moving and defective inventories are identified by management and wherever necessary, provision is created for such inventories.

h) Financial Instruments - initial recognition and subsequent measurement :

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity

i. Financial assets

➤ Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial assets. Trade receivables that do not contain a significant financing component are measured at the transaction price determined under Ind AS 115.

➤ Subsequent measurement

For purposes of subsequent measurement, the Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through the Statement of Profit and Loss), and
- those measured at amortised cost.

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

➤ Impairment of financial assets

The Company measures the expected credit loss associated with its assets based on historical trend, industry practices and the business environment in which the entity operates or any other appropriate basis. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

➤ De-Recognition of Financial Asset

The Company derecognizes a financial asset when the rights to receive cash flows from the set have expired or it transfers the right to receive the contractual cash flow on the financial assets in a transaction in which substantially all the risk and rewards of ownership of the financial asset are transferred.

ii. Financial liabilities

➤ Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings.

➤ Subsequent measurement of financial liabilities

The measurement of financial liabilities depends on their classification, as described below:

- Financial liabilities at fair value through profit or loss or
- Financial liabilities at amortised cost.

➤ De-Recognition of Financial Liability

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition

Note to Financial Statement for the year ended 31st March 2025

of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

iii. Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

i) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

j) Provisions, Contingent liabilities and Contingent Assets

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent Liabilities are disclosed in respect of possible obligations that arise from past events but their existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or where any present obligation cannot be measured in terms of future outflow of resources or where a reliable estimate of the obligation cannot be made. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

Contingent assets usually arise from unplanned or other unexpected events that give rise to the possibility of an inflow of economic benefits to the entity. Contingent assets are not recognised in financial statements since this may result in the recognition of income that may never be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognised.

k) Revenue recognition

The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the Company and specific criteria have been met for each of the Company's activities as described below

Sale of goods

Revenue from sale of goods is recognised when control of the products being sold is transferred to our customers and there are no longer any unfulfilled obligations. The performance obligations in our contracts are fulfilled at the time of dispatch, delivery or upon formal customer acceptance depending on customer terms.

Sale of Services

Sale of Service Income is recognised on rendering of related services.

Sales Return

The Company recognises provision for sales return, on the basis of mutual satisfaction which is measured at the Sales value excluding taxes & duties.

Export Incentives

Export Incentives under various schemes are accounted in the year in which right to receive is irrevocably established.

Note to Financial Statement for the year ended 31st March 2025

Other revenue:

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable rate of interest.

Revenue in respect of insurance/other claims, etc., is recognized only when it is reasonably certain that the ultimate collection will be made.

Dividends are generally recognised in the Statement of Profit and Loss only when the right to receive payment is established.

I) Employee benefits

Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

Other long-term employee benefit obligations

The liabilities for earned leave and sick leave that are not expected to be settled wholly within 12 months are measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method.

Post-employment obligations

The Company operates the following post-employment schemes:

- (a) defined benefit plans such as gratuity; and
- (b) defined contribution plans such as provident fund.

Defined Benefit obligations

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method as per Requirement of Ind AS -19 – Employee Benefit.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Statement of Profit and Loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Defined Contribution Plans

Defined Contribution Plans such as Provident Fund, etc., are charged to the Statement of Profit and Loss as incurred.

Termination benefits

Termination benefits are payable when employment is terminated by the Company before the normal retirement date, or when an employee accepts voluntary redundancy in exchange for these benefits. The Company recognises termination benefits at the earlier of the following dates: (a) when the Company can no longer withdraw the offer of those benefits; and (b) when the Company recognises costs for a restructuring that is within the scope of Ind AS 37 and involves the payment of terminations benefits. In the case of an offer made to encourage voluntary redundancy, the termination benefits are measured based on the number of employees expected to accept the offer. Benefits falling due more than 12 months after the end of the reporting period are discounted to present value.

Note to Financial Statement for the year ended 31st March 2025

m) Foreign Currency Transactions:

(i) Functional and presentation currency

The financial statements are presented in Indian rupee (INR), which is Company's functional and presentation currency.

(ii) Transactions and balances

Transactions in foreign currencies are recognised at the prevailing exchange rates on the transaction dates. Realised gains and losses on settlement of foreign currency transactions are recognised in the Statement of Profit and Loss.

Monetary foreign currency assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognised in the Statement of Profit and Loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

n) Leases

As a Lessee

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Company recognises a Right-of-Use (ROU) asset and a lease liability at the lease commencement date. The ROU asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payment made at or before the commencement date, plus any initial direct cost incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentive received.

The ROU asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the ROU asset or the end of the lease term. The estimated useful lives of ROU assets are determined on the same basis as those of Property, Plant and Equipment. In addition, the ROU asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. Generally, the Company uses its incremental borrowing rate as the discount rate.

Short-term leases and leases of low-value assets

The Company has elected not to recognise right-to-use assets and lease liabilities for short-term lease that have a lease term of 12 months or less and leases of low-value assets. The Company recognises the lease payments associated with these leases as expenses on a straight-line basis over the lease term.

o) Income taxes

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Deferred income tax is provided in full, using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amount in the financial statement. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax assets is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses, only if, it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax

Note to Financial Statement for the year ended 31st March 2025

assets and tax liabilities are off set where the Company has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

p) Earnings Per Share

Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company
- weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares.

Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

q) Impairment of Assets:

The Company assesses at each reporting date whether there is an indication that a non-financial asset may be impaired based on internal/external factors. An asset is treated as impaired when the carrying cost of asset exceeds its recoverable Value. An impairment loss is charged to the statement of Profit and Loss in the year in which an asset is identified as impaired. The impairment loss recognized in earlier accounting period is reversed if there has been a change in the estimate of recoverable amount. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

[C] Recent Accounting Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. During the year ended March 31, 2025, MCA has notified Ind AS 117 - Insurance Contracts and amendments to Ind As 116 – Leases, relating to sale and lease back transactions, applicable from April 1, 2024. The Company has assessed that there is no impact on its financial statements.

On May 9, 2025, MCA notifies the amendments to Ind AS 21 - Effects of Changes in Foreign Exchange Rates. These amendments aim to provide clearer guidance on assessing currency exchangeability and estimating exchange rates when currencies are not readily exchangeable. The amendments are effective for annual periods beginning on or after April 1, 2025. The Company is currently assessing the probable impact of these amendments on its financial statements.

41. Financial Instruments - Fair Values & Risk Management**41.1 Accounting Classifications & Fair Value Measurements**

The fair values of the financial assets and liabilities are measured at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

All financial instruments are initially recognized and subsequently re-measured at fair value or amortized cost as described below :

1. Fair values of cash and short term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to short-term maturities of these instruments.
2. Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on the evaluation, allowances are taken to account for the expected losses of these receivables.

Note to Financial Statement for the year ended 31st March 2025

The company uses the following hierarchy for determining and disclosing the fair values of financial instruments by valuation technique:

Level 1 : Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 : Inputs other than the quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 : Input that is significant to the fair value measurement is unobservable.

42.2 Financial Risk Management

The company's Board of Directors has overall responsibility for the establishment and oversight of the company's risk management framework. The company's risk management policies are established to identify and analyse the risks faced by the company, to set appropriate risk limits and controls and to monitor risks. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the company's activities.

42.2.1. Credit Risk Management

Credit risk is the risk that a counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The carrying amount of following financial assets represents the maximum credit exposure.

Trade Receivables

Trade receivables are non-interest bearing. To manage credit risk in respect of trade receivables, the Company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends and ageing of accounts receivable. Individual risk limits are set accordingly.

The requirement of impairment of trade receivable is analysed as each reporting date. Based on historic default rates and overall credit worthiness of customers, management believes that no impairment allowance is required in respect of outstanding trade receivables as on 31st March, 2025.

Other Financial Assets

The company has limited credit risk arising from cash and cash equivalents as the balances are maintained with banks with high credit rating. Hence, these are low risk items.

The company evaluates the recoverability of Other financial assets at each reporting date and the same are written off when there is no reasonable expectation of recovery. Where recoveries are made, these are recognised in the Statement of Profit and Loss.

42.2.2 Liquidity Risk

Liquidity Risk is defined as the risk that the company will not be able to settle or meet its obligations on time or at reasonable price. The company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the company's net liquidity position through rolling forecast on the basis of expected cash flows.

Maturity profile of financial liabilities

The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date based on contractual undiscounted payments.

42.2.4 Interest Rate Risk

Interest rate risk is the risk that fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. In order to optimize the company's position with regards to the interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio. The Company does not have any borrowings with floating interest rate as on 31st March, 2025.

42.2.5 Commodity Price Risk

Principal Raw Material for company's products is Crushed Bone and Lime. Company sources its raw material requirements from domestic markets. Domestic market price generally remains in line with international market prices. Volatility in bone prices, currency fluctuation of rupee vis a vis other prominent currencies coupled with demand-supply scenario in the world market affect the effective price of bone and Lime. Company effectively manages availability of material as well as price volatility through well planned procurement and inventory strategy and also through appropriate contracts and commitments.

and lease back transactions, applicable from April 1, 2024. The Company has assessed that there is no significant impact on its financial statements.

On May 9, 2025, MCA notifies the amendments to Ind AS 21 - Effects of Changes in Foreign Exchange Rates. These amendments aim to provide clearer guidance on assessing currency exchangeability and estimating exchange rates when currencies are not readily exchangeable. The amendments are effective for annual periods beginning on or after April 1, 2025. The Company is currently assessing the probable impact of these amendments on its financial statements.

62 Previous year's figures have been regrouped/re-arranged/recasted, wherever necessary, so as to make them comparable with current year's figures. The management believes that such reclassification does not have any material impact on the information presented in the financial statements.

63 Events occurring after reporting period

The Company evaluated subsequent events through May 22, 2025, the date the financial statements were available for issuance, and determined that there were no additional material subsequent events requiring disclosure.
